

# REAL ESTATE (GRADUATE MINOR FIELD)

Graduate School

## Program Description

### Graduate Minor Field Requirements

For students in graduate research degrees, earning a “minor” in a specific subject or concentration is not explicitly linked to the completion of coursework but is instead defined by the student’s special committee.

Faculty serving on the student’s special committee each represent a concentration. Because many graduate faculty are active in more than one graduate field or academic discipline, students and faculty should be clear about which concentration will be represented when a committee is formed.
