Program Description

The Theatre Minor allows students to focus in areas that interest them within the discipline of live performance: acting and directing for stage production; theatre history, theory, and criticism; and theatre design and technologies.

Department of Performing and Media Arts Minors

The Department of Performing and Media Arts offers four minors. In addition, the Department administers the interdisciplinary Media Studies minor. The minors are open to all undergraduate students in the university, including those outside the College of Arts and Sciences, and require at least 15 credits per minor. To declare a minor, you will need to contact pma-dus@cornell.edu. All credit toward the minor must be from PMA courses taken at Cornell or from PMA courses taken with Cornell approved programs. Independent Study courses do not count toward any PMA minor.
